Pryme completes its transaction with Alterra Energy

Rotterdam, 25 November 2026

Further to the resolutions adopted by its extraordinary general meeting of shareholders on 21 October 2026 (the **EGM**), Pryme N.V. (the **Company**) announces that the transactions authorized and approved by the EGM have been completed:

- the Company agreed the settlement of the EUR 5.3 million loan against the issuance of new shares in the Company's capital on 19 November 2026;
- the Company implemented the legal demerger into Pryme Newco B.V. in accordance with the demerger proposal on 19 November 2026; and
- the Company contributed its shares in Pryme Newco B.V. to Alterra Energy LLC (**Alterra**) in exchange for membership interests in Alterra (**Alterra Units**) on 23 November 2026.

With this transaction, Pryme's development team and Amsterdam site become part of Alterra, a US-based company with an established operating track record in converting discarded plastics. Through the Company's holding of Alterra Units, Pryme's shareholders remain invested in Alterra's growth, including its planned expansion in Europe.

For more information, please refer to the press release on the transaction on prnewswire.com via this link: Alterra Acquires Pryme's Development Business and Secures New Capital to Accelerate European Expansion

The Company will continue as a holding company of its Alterra Units, which are governed by Alterra's limited liability company agreement (subject to the laws of the State of Delaware, USA).

Shareholders retain their shares in the Company and, through the Company's holding of Alterra Units, remain invested in Alterra's future growth. No cash or Alterra Units are distributed directly to shareholders. The Company will keep its shareholders informed in accordance with the provisions of Dutch law and the Company's articles of association and will post updates on its corporate website as appropriate.

More information on Alterra can be found on its corporate website: https://www.alterra360.com/.

Alterra can be followed on LinkedIn: https://www.linkedin.com/company/alterraenergy/home/
